FOR PROFESSIONAL BEHAVIOR AND ETHICAL CONDUCT

Standards of Professional Behavior and Ethical Conduct

COLLEGE OF BUSINESS
Illinois State University

The principles and expectations established in this document encompass many aspects of professional behavior and integrity. It is not, however, an exhaustive list. Students, faculty, staff, and administrators are expected to act professionally and ethically in all areas of their academic, professional, and personal lives.

Change is part of life both inside and outside of the college. New technologies and situations that arise should be addressed with integrity and professionalism.

Our commitment

The administration, faculty, staff, and students of the College of Business at Illinois State University are committed to the principles of professional behavior and integrity. As a community of scholars and business professionals, we strive to embody the characteristics of responsibility, honesty, respect, and fairness in our professional and personal lives.

Principles of professional behavior and integrity

RESPONSIBILITY is the foundation of integrity*. We hold ourselves and others responsible for acting with honesty, respect, and fairness.

HONESTY is fundamental in learning, teaching, and research. We act honestly and do not tolerate or justify dishonest conduct in any circumstance.

RESPECT is the foundation of our academic community. We use appropriate speech and behaviors to demonstrate respect for one another and for the educational process.

FAIRNESS is essential for the evaluations that are part of the educational process. We strive to achieve fairness in our standards and procedures as well as in our evaluation of the work of others.

TRUST is achieved when all who are involved in the educational process adhere to the principles of integrity.

*The American Heritage Dictionary defines integrity as the "steadfast adherence to a strict moral or ethical code."
